CITES LABOR RESOLUTION

Speaker Says Hood, Kneen and Davis Are Enemies of Measures that Guard Rights of Workers

"Labor recognizes the value of Wisconsin laws that give labor a square deal, that limit hours of work, protect workmen in life and limb and compel compensation of workmen injured on duty. That labor does appreciate these laws is shown in a recent resolution unanimously passed by the La Crosse Trades and Labor council warning legislative candidates not to permit the repeal of these laws. It is therefore up to labor to send to the legislature men who are the friends of these laws, men who understand them, who have supported them in the past, and are prepared to fight for them in the future."

With this proposition J. E. Higbee opened a vigorous discussion of the campaign issues last night. The speaker continued.

"I ask: Who, among the La Crosse county candidates for the legislature, are the friends of these measures? Who spent months in studying to lay their foundations, who worked for them and voted for them?"

"John McConnell and Otto Bosshard! They did as much for these laws as any two men in the legislature. They were leaders in that fight. McConnell in the assembly and Bosshard in the senate."

"If you approve these laws, and others like them, you must send men to the legislature who you know will help you. You know Bosshard and McConnell will, for they have done it before. In working for these laws of yours they have made your enemies their enemies. You know how your enemies vote. How are you going to vote? Are you going to vote for McConnell and Bosshard and your labor laws, or against McConnell and Bosshard and against your labor laws?"

"I want to read to you the resolution passed unanimously by the Trades and Labor council of La Crosse on Friday of last week:

Labor Resolution

"Whereas, there is much talk in political circles about the repeal of many laws, and

"Whereas, certain laws now written on the statute books of this state are in the interest of labor and of great benefit to laboring people, and

"Whereas, the repeal of these laws would result in great hardship and injustice to laboring men and women, be it

"Resolved, that the La Crosse Trades and Labor council urge all candidates for public office, regardless of party, to work and vote against the repeal of the following laws:

"Chapter 49, providing for the safety of workmen in construction of buildings, requiring floors to be laid or planked over on each story as the building progresses and all openings and shafts to be fenced in."

"Chapter 171, requiring eight hour day in the construction of all state buildings and state works."

"Chapter 470, requiring all saws, shafts, gears, elevators, etc., to be guarded or fenced for protection of employees."

"Chapter 479, regulating and restricting and in some trades prohibiting child labor."

"Chapter 50, workmen's compensation law providing for compulsory compensation for accidental injury or death of employees and abolishing the 'assumption of risk' and co-employees' rules which formerly made it almost impossible for a laborer to recover damages for injuries sustained in his work."

"Now, Mr. Hood is opposing Mr. McConnell for the assembly and Mr. Davis is opposing Otto Bosshard for the senate. How do they measure up?"

BOY FOUND STRANGLED.

BIG CREEK, Wis., Oct. 30.—Failing to return from school, the parents of Frederick Foltz, aged 10, instituted a search for the lad and found his body hanging from a post, suspended by the strap used to hold his books. He had evidently attempted to jump a fence when the strap in some manner formed a noose about his neck, strangling him.

MURDER VICTIMS BURIED.

PLYMOUTH, Wis., Oct. 30.—Hundreds of sympathetic friends attended the triple funeral of Philip Ott, wealthy stockman, his wife, and Fred Haut, her father, in Turner hall here this afternoon at 1:00 o'clock. The Rev. M. Bissler of the German Reformed church officiated. They were buried in a single grave.

HOLD MAYOR TO JURY.

LITTLE FALLS, N. Y., Oct. 30.—Mayor George R. Lunn, of Schenectady, was held today for the action of the grand jury by Judge Collins, on a charge of refusing to obey Sheriff Moon's command to move along when the sheriff was trying to disperse a crowd in Clinton Park during the recent agitation when the socialists were arrested for addressing strikers.

WILSON CARRIES HORSE CHESTNUT

WILDWOOD, N. J., Oct. 30.—Gov. Wilson, who today is taking the second round of a two-day trip from north to south Jersey and back again, has been discovered to have one superstition. As he journeyed down on Cape May peninsula, this forenoon, he juggled a big, smooth horse chestnut in his hand. "That's my only superstition," he explained. "I always carry one in my pocket. I don't know why, but I feel that I'll always be safer if I have a horse chestnut with me."

At Trenton Tuesday, the governor received half a dozen horse chestnuts from an admirer who knew of this habit.

SIX NUNS DIE SAVING ORPHANS IN THEIR CARE

Mother Superior and Five Aides in Texas Asylum Sacrifice Lives in Fire

ONLY TWO OF CHARGES DEAD

Devotion of Sisters Prevents Enormous Loss of Life in Flames

TWO ARE KILLED JUMPING

Miss the Life Nets in Leap from the Third Floor and Are Crushed by Fall

SAN ANTONIO, Tex., Oct. 30.—Six sisters of charity of St. Johns Orphan Asylum sacrificed their lives that they might save the children in their charge when a fire destroyed an orphan's home here early today. Despite the efforts of the sisters, two children were burned to death. Two of the women servants in the asylum also perished.

Mother Superior Dies Mother Superior Mary of the Cross sacrificed her life for the little ones. After leaving the burning building, she heard a child cry. She rushed back to save it. A moment later she appeared at a window with the child in her arms. Fire nets were put under the window to save them, but before she could jump the floor gave way, and the mother and child were hurled to their deaths in the flames. Sister Mary Kostka suffered a broken back and legs in jumping from the fourth floor. She missed the fire net and died later.

The other sisters to perish were: Sister Frances Posteur, native of France. Sister Petera Stevens, native of Ireland. Sister Tacodia Nolan, native of Ireland. Sister Monica Monnez, native of Mexico.

Charles Mothlaw, aged 3; name of other dead orphan unknown. There were 200 children in the home, ranging in age from two to twelve years. The sisters apparently gave no thought to their own lives, as they worked fearlessly in endeavoring to save their charges.

The last sisters left the building only when the walls collapsed. Bodies of three sisters and the two children had not been recovered at a late hour this morning.

Miss Life Nets Two of the sisters were killed by jumping from the third story, both missing the life nets.

The origin of the fire is not known. When it was discovered the blaze had gained great headway. A panic would certainly have followed had not the sisters showed the greatest heroism, quietly but quickly going from cot to cot awakening all of the little children. They were marshalled into the halls and toward the fire escapes.

Headless of their own safety the sisters hurried the children to the avenues of escape. Fire nets were spread and many escaped by jumping.

Fathers Hume and Duffy also risked their lives in saving the children. They rushed into the flames and carried out many from the first and second floors. Sister Kostka was horribly burned in addition to the suffering of a broken back when she missed the life net in leaping, after all the children in her care had been taken to safety. She died an hour after being taken to a hospital. Fire Chief Wright declares that the sacrifice of the sisters alone saved the lives of the children. But two of the sisters in the home escaped. The charred bodies of the victims were found before noon today in the ruins.

Miss E. Estandish and Miss A. Dimple, employed in the home, are in a hospital suffering from severe burns, and bruises.

CRYSTAL TRIAL EVIDENCE

CHICAGO, Oct. 30.—The big crystal ball into which Mrs. Louise Lindloff said she could peer and see the predictions which she made of deaths in the family was evidence in her trial for the murder of her son Arthur today. It was used as an exhibit during the testimony of Captain Geo. Baer, of the Chicago police, who told of seeing the insurance policies of Mrs. Lindloff's relatives, on which she collected money after their deaths.

CLAIMS DEMOCRATIC SENATE

CHICAGO, Oct. 30.—A democratic senate is claimed today by western Manager Joseph E. Davies. Of the senators to be elected on Nov. 5, he claims the democrats will elect two in Colorado, two in Idaho, and one in Montana, which will give them a slight majority in the senate house.

WITHDRAWS TO DEFEAT SOCIALIST

MINNEAPOLIS, Oct. 30.—To avoid the possibility of the election of a socialist mayor was the real reason for the withdrawal from the mayoralty race of Chas. D. Gould, it was admitted today. The field is now left to Thomas Van Lear, public ownership candidate, and Walter G. Nye, the business-men's choice.

Gould and Nye were the primary nominees, Van Lear filing by petition. It was because the spirit of the law provides for only two candidates that he withdrew. Mr. Gould stated. Anti-socialists admit, however, that the real reason was the fear of splitting the vote between Nye and Gould, allowing Van Lear a possible opportunity to slip in.

LOUIS PAMMEL DIES OF OLD AGE

Pioneer Resident of La Crosse; Once Guard of King Frederick William

FUNERAL THURSDAY AT 2:30

Many Regret Passing of Old Citizen; Well Versed in Public Affairs

Louis Pammel, aged 83, a pioneer resident of La Crosse died of old age at the family residence, 1218 Madison street, yesterday evening at 9 o'clock. He passed away without pain or suffering and was conscious and cheerful to the last. In his last illness he was as patient and considerate of those about him as he had been all his life.

Louis Pammel was born April 19, 1829, at Hoexter, Germany. For three years he lived in St. Louis. He served for three years in the Prussian army as a grenadier of the Berlin palace guards under King Frederick William IV. These guards were picked men, selected for their height and military bearing, and also for their patriotism and valor and honesty of character. These were well known traits of Mr. Pammel throughout his life. After his military service he returned to St. Louis. In 1854 he came to the United States where he was in the employ of Layton and Plankinton of Milwaukee for one year. In 1855 he came to La Crosse and opened the second meat market in La Crosse at the corner of Third and King streets in a frame building. On this site he built the second brick structure in La Crosse, which is now a part of the Nora House. Late in 1855 he returned to St. Louis, Germany, where on March 18, 1856, he was united in marriage to Miss

Political Extra

At 7 o'clock this evening J. E. Higbee, chairman of the republican county committee, will deliver an address to laboring men at Matt Wiltlinger's Green Bay hotel, 827 Green Bay street. Mr. Higbee will discuss state government with relation to its obligations to labor.

WEATHER

For La Crosse and vicinity: Fair tonight; probably rain Thursday; no decided change in temperature.

For Wisconsin: Fair tonight; warmer northwest portion; Thursday increasing cloudiness and unsettled by night.

For Minnesota: Increasing cloudiness with probably rain or snow late tonight or Thursday; warmer tonight.

For Iowa: Rain tonight and Thursday; warmer tonight.

Weather Conditions The storm north of this section yesterday morning has moved to the St. Lawrence valley accompanied by high winds and light rain. An area of moderately high pressure covers the county from the North Pacific coast eastward through the Missouri valley to the south Atlantic coast while a moderate depression is central in southwestern Colorado. These pressure changes have caused lower temperature in the upper Mississippi valley and lake region and slightly higher temperature along the north Atlantic coast. Temperatures ranging from freezing to slightly below are recorded from eastern Washington to western Wisconsin, Iowa and Nebraska. The weather is fair this morning except in Wyoming, Utah and Colorado where snow is falling.

POWERS AGREE ON CHANGES IN MAP OF BALKANS

Russia and Austria Reported to Have Settled Differences and Averted War

TURKISH PRINCE EXECUTED

Aziz Pasha Who Commanded at Kirk Kilissa Is Shot for Defeat

BULGARS HAVE REVERSES

Concluded that Turks Have Made Successful Stand South of Adrianople

ST. PETERSBURG, Oct. 30.—Russia and Austria have agreed on the changes to be made in the map of the Balkans in the event of Turkey's defeat by the alliance, according to a report circulated here today on good authority. If it is true that the St. Petersburg and Vienna governments have reached an understanding a long step has been taken toward insuring Europe against a spread of the Balkan struggle, since it will be with Russia and Austria that trouble will begin if outside complications do occur. Russia was assumed to have safeguarded the allies' interest. Austria, it was taken for granted, has seen to it that no insurmountable barrier was erected against its expansion to the south-eastward. Turkey's interests were not considered.

Join Attack on Scutari CETTINJE, Oct. 30.—Prince Danilo's and General Martinovitch's Montenegrin armies, which have hitherto been operating separately, effected a junction east of Scutari today and joined in the attack on the town.

Change Viziers CONSTANTINOPLE, Oct. 30.—The wildest enthusiasm was created here today by news that a fierce engagement is in progress between General Nazim Pasha's Turkish army just west of Lule Burgas and the invading Bulgarians' forces.

Kiamial Pasha's appointment as grand vizier, succeeding Ghazar Mukhtar Pasha, who was permitted to resign, was highly approved in diplomatic circles here. Kiamial has long been considered Turkey's foremost statesman. He has been grand vizier several times before.

Allies Losses Big BUDAPEST, Oct. 30.—Serbian losses of four thousand killed and seven thousand wounded since fighting with Turkey began, were semi-officially admitted in dispatches from Belgrade today. Military men here believed the actual number of victims is about twice what the Serbians admit. The Bulgarians have refused to give out any figures, but it was estimated that their losses in killed and wounded thus far exceed 25,000.

Servia Wants Port PARIS, Oct. 30.—That Servia will insist on access to the sea through a port of its own—one, of course, which the Servians expect to take from Turkey—was semi-officially given out here today on the authority of the Belgrade government.

Whether Austria likes it or not, it was added, the Servians will keep Uskub and also all the territory about it back to the present Servian frontier.

Aziz Pasha Executed CONSTANTINOPLE, Oct. 30.—Aziz Pasha, the Egyptian prince who commanded the Turkish cavalry at Kirk Kilissa, was shot here today for failing to make a better showing against the Bulgarians.

Bulgarians Reversed? LONDON, Oct. 30.—Of neither government nor official reports concerning the Turko-Bulgarian battle reported raging on the Erkene river banks south by east of Adrianople was the slightest notice taken in Sofia today. Other European capitals reported themselves similarly ignored. The censor, it was considered clear, has completely bottled up the news.

The conclusion was more communicative. The reported battle, it was stated there, really is in progress. No details were given, however, beyond the assurance that the Turks believe the turning point has come.

Bulgars Fall Back LONDON, Oct. 30.—In a battle which lasted from early yesterday until midnight, the Turks repulsed the Bulgarians as Visa, it was stated in an official dispatch to the Turkish embassy here today. The Turks had 800 killed, the message said, and the Bulgarians a far larger number.

DOG FANCIER KILLED. WAUKEGAN, Ill., Oct. 30.—Alexander Smith, aged 45, one of the best known dog fanciers in the United States, is dead here today as a result of his buggy colliding with another rig, just outside the town of Barrington late last night. Smith was thrown to the ground and his neck was broken.

SENTENCE BECKER TO DEATH TODAY

Police Lieutenant Calm as Fate Is Pronounced and He Is Rushed Off to Sing Sing

FILES A NOTICE OF APPEAL

Believed at Least a Year Will Pass Before Court Acts on Defense Claims

NEW YORK, Oct. 30.—Former Police Lieut. Becker, last week convicted of murder in the first degree, in having brought about the death of Gambler Herman Rosenthal, was sentenced by Justice Goff today to death in the electric chair in Sing Sing prison during the week beginning December 9. Becker took his sentence standing impassively.

Becker stood alone at the bar. His faithful wife, to become a mother in January, had been denied permission to stand by his side. This denial was an act of mercy as the little woman collapsed utterly under the strain as she stood in the sheriff's office and slid to the floor in a dead faint.

Becker was not given the usual permission to stay in the Tombs following his sentence. Instead, Sheriff Julius Harburger, for reasons best known to himself, rushed the condemned man to the Grand Central station in the prison van, and took him to Sing Sing on the train leaving here at 11:50, thus giving color to Becker's bitter comment of the other day that he was to be "railroaded" even to the death house.

His wife accompanied him to Sing Sing and it was said on her behalf that she will rent a house in the jail's vicinity so she will be able to visit him whenever permitted by the authorities.

Becker's counsel immediately filed with the district attorney a notice of appeal and a copy of it was despatched to Albany to be filed with the clerk of the court of appeals. It was believed today that it will be at least a year before the decision of the court of appeals in the case can be reached. Meanwhile, Becker must remain in the death house in Sing Sing in solitary confinement.

MONROE SENTINEL DIES.

MONROE, Wis., Oct. 30.—Chas. A. Booth, editor since 1865 of the semi-weekly Monroe Sentinel established in 1851, today announced suspension of the publication. Failing health of the editor was given as the cause.

LUNATIC COMES AFTER TAFT'S JOB

WASHINGTON, Oct. 30.—"I came to get to town to get Taft's job," was the explanation made by a man who described himself as Ira Otis Geiger, of Oakland, Cal., and who was arrested today, charged with insanity, on complaint of a local physician. Geiger's pockets were filled with circulars describing the "original bull moose and platform." The "original bull moose" was Geiger himself and the platform was a scheme for transportation of all negroes to a country of their own. Papers indicated that Geiger was a member of the sign painters' union of San Francisco.

END IS EXPECTED AT ANY MOMENT SAY PHYSICIANS

Vice President Lapses Into Condition of Coma This Afternoon

ALL HOPE IS NOW GONE

Kidneys Fail to Respond to Remedial Measures and Condition Is Desperate

UNDEA INFLUENCE OF DRUGS

Hypodermics to Ease His Sufferings Keep the Patient Entirely Unconscious

UTICA, Oct. 30.—The vice president was still alive at 3 o'clock. His condition has not changed in the past half hour.

UTICA, Oct. 30.—This afternoon at 2:40 Dr. Peck stated that the vice president was sinking and that the heart action indicated that the end was not far off.

Mrs. Sherman and her three sons at that hour were in a room adjoining the sick chamber awaiting a summons to the death of the vice president, whom unconsciousness had relieved of agony in his dying hours.

UTICA, N. Y., Oct. 30.—Vice President Sherman this afternoon lapsed into a condition of coma and his death may occur at any moment. This was announced after a formal bulletin from the bedside of the stricken man stated that his condition was desperate.

The last hope that the vice president might improve, at least slightly, was shattered when the involved condition of his kidneys failed to respond to remedial measures, and it was announced uraemia had laid dead hold on the patient.

Kept Under Drugs. Hypodermic medication has been employed throughout the day to ease the vice president's suffering, and this, together with the ravages of Bright's disease, has produced a condition of complete unconsciousness. Sherman may survive this afternoon, or he may die at any moment.

Dr. Peck at the vice president's bedside issued this formal statement:

"Vice President Sherman is gradually failing. The end will probably come tonight or tomorrow; it may be fully 24 hours hence. Mr. Sherman has been unconscious practically all of the time since yesterday afternoon. He went asleep about 3 o'clock yesterday and has been practically in a coma ever since."

Passed Quiet Night. Vice President Sherman was reported to have passed a fairly quiet night by Dr. Peck this morning, but his condition was admittedly so precarious the physician would not make any prediction regarding the outcome. It is known that members of the family are prepared for the death of the vice president at any time and that while he may ultimately fight off his malady and recover, the spread of uraemic poisoning had disheartened the physicians, who fear that his case is hopeless.

MRS. CLEVELAND TO WED EDUCATOR

Widow of President Will Become Wife of Prof. T. J. Preston of Wells College

PRINCETON, N. J., Oct. 30.—The telegraph messengers in this college town were working overtime today. In addition extra help has been pressed into service and the letter carrier is considering asking the postoffice department for authorization to rent an auto truck for several days. And all because Mrs. Grover Cleveland, one of the foremost of American women, and widow of the former president, admits that she is to be wed after the first of the year to Thomas J. Preston, professor of archaeology and history at Wells College.

The telegrams and letters that are coming here represent the congratulations, not alone of those who have had the privilege of knowing Mrs. Cleveland, but by well-wishers who have admired her since as the "bride of the White House" she stepped squarely into affection of the American people.

Mrs. Cleveland herself admitted the engagement today. The first public announcement of it came from Professor Sibben, president of Princeton University, last night.

THINK MURDERER IS IN MILWAUKEE

Chicago Police Believe Conway and Miss Ryall Called at Hospital for Operation

CHICAGO, Oct. 30.—"Clews" to the location of Chas. Conway, one-legged clown and high diver, and Miss Beatrice Ryall, lion tamer and vaudeville actress, reached here today from Chicago. The body of Miss Sophie Singer, Baltimore heiress, who, the police declare, was murdered by one or both of the theatrical pair for \$45 and her jewelry, lay in Quintan's morgue where it was expected a relative from Maryland would claim it today.

Of all the clews the police regarded one from Milwaukee, Wis., as the most likely. At Milwaukee officers found that a man and woman answering the description of Conway and the Ryall woman called at the Emergency hospital yesterday to have a hasty operation performed on the man's leg, but at sight of the surgical instruments, the man's nerve failed him and the two departed.

This clew sounded most promising to the local police. Conway made a similar visit to the Provident hospital here several days ago and fled when he saw the body of a patient being carried from the hospital morgue. Captain Nootbar today said he was positive that Conway would be compelled to seek medical aid within a few hours, or the bad condition of the stump of his right leg would cause his death.

SALEM TRIAL REOPENS

LAWRENCE STRIKE LEADERS' CASE TAKEN UP AFTER THREE DAY DELAY BECAUSE OF JUROR

COURT HOUSE, SALEM, Mass., Oct. 30.—After a three days adjournment because of the illness of Juror John M. Carter, the trial of Jose Ettore, Arturo Giovannitti and Joseph Caruso, was resumed today. Because of the halt in the proceedings, District Attorney Atwill was expected to call to the stand Robert Warner, a Boston newspaper man, said to have been an eye witness to the shooting.

Eugene Bencordo, a brother of Charles Bencordo, the Italian detective whose testimony last week proved a sensation, resumed the stand when court opened. Attorney Peters opened a rigid cross examination of the witness. His brother, Charles Bencordo, was again in court today and District Attorney Atwill said he might call him to the stand. The prosecuting attorney announced today that he expected to conclude the governments case by the end of the week.

The Gadder Is On the Job

Travelers Don't Fear Strange Dishes. Stuart's Dyspepsia Tablets Enable the Stomach to Stand Anything

A Box of Stuart's Dyspepsia Tablets is Your Best Traveling Companion

"Railroads tell you about the wonders of Nature along their lines; hotels describe their modern accommodations; but they never fail to ring in their 'cuisine unexcelled.' The wise traveler knows he is taking 'pot' luck when he leaves home, hence a box of Stuart's Dyspepsia Tablets is quite as essential as many of the other traveling requisites."

Thus commented a philosophical traveling man, speaking of hotel life, restaurants, grills and junction lunch counters. "The agitation in this world," he continued, "are the result of one set of men trying to compel the other set to think and act against their own inclinations. It is the same in religion, politics, and eats. I have learned from experience to eat what they serve; to forget the food experts, read the current news and jokes and leave the stomach to the best expert in the world—Stuart's Dyspepsia Tablets."

And Stuart's Dyspepsia Tablets actually do the work assigned them. They relieve weak and overburdened stomachs of a great portion of digestive action. Their component parts assist the digestive fluids and secretions of the stomach and they simply take up the grind and carry on the work just the same as a good, strong, healthy stomach would do it.

Stuart's Dyspepsia Tablets are for sale by all druggists, at 50 cents a box, and they are the one article that the druggist does not try to sell something in the place of it that's "just as good." Their unequalled merit and success and the universal demand for them has placed them within the reach of everyone.—Advertisement.

FOR DANDRUFF, FALLING HAIR OR
ITCHY SCALP—25 CENT "DANDERINE"

Save your hair! Danderine destroys dandruff and
stops falling hair at once—Grows hair, we prove it.

If you care for heavy hair, that
glistens with beauty and is radiant
with life; has an incomparable soft-
ness and is fluffy and lustrous you
must use Danderine, because nothing
else accomplishes so much for the
hair.

Just one application of Knowlton's
Danderine will double the beauty of
your hair, besides it immediately dis-
solves every particle of dandruff; you
cannot have nice, heavy, healthy hair
if you have dandruff. This destruc-
tive scurf robs the hair of its lustre,
its strength and its very life, and if
not overcome it produces a feverish-
ness and itching of the scalp; the

hair roots famish, loosen and die;
then the hair falls out fast.
If your hair has been neglected
and is thin, faded, dry, scraggy or
too oily, don't hesitate, but get a 25
cent bottle of Knowlton's Danderine
at any drug store or toilet counter;
apply a little as directed and ten min-
utes after you will say this was the
best investment you ever made.

We sincerely believe, regardless of
everything else advertised that if
you desire soft, lustrous, beautiful
hair and lots of it—no dandruff—no
itching scalp and no more falling hair
—you must use Knowlton's Danderine.
If eventually—why not now? A
25 cent bottle will truly amaze you.

BY AN ENGINEER

Freight Cars 'Jack-knifed'
by Sudden Stop in
Front of Pas-
senger

When the train was brought to
a sudden stop a car length away
from a passenger train which was
coming from the opposite direction
in the C. M. and St. P. railroad yards
this morning, three freight cars were
smashed as the stop was made so
sudden that the cars were "jack-
knifed." Nobody was injured.

The freight train was going in one
direction with a switch engine push-
ing and a Dubuque division passen-
ger train was coming from the other
way near the north side station
and the engineer on the switch en-
gine in order to avert an accident,
put the brakes on so suddenly that
he stopped the train almost instan-
tly, and within a car length of the
passenger train. The stop was so
sudden that three of the cars were
"jack-knifed" and thrown from the
track where they were smashed. The
cars which were thrown off the
track were filled with grain. The
damage was soon repaired and traf-
fic was not delayed to any great ex-
tent.

A drawbar on the tracks at Whit-
man, Minn., yesterday caused three
C. M. and St. P. freight cars to be
thrown from the rails at that point
and the cars were smashed. The ac-
cident delayed the passenger trains
on that division for several hours.

SOCIETY

MISS MARSTON MARRIED

Miss Eleanor Marston and Wilbur J. Holcomb were married last evening at the home of the bride's mother.

The ceremony was performed by the Rev. Father Madden of Caledonia, Minn. It was a simple and pretty ceremony very similar to the Episcopal service.

The bride entered the room on the arm of Mr. D. C. Armstrong, who gave her away. Mr. Percy Bentley played the wedding march as the bridal party filed into the room and took their position in front of a bank of greens, and white and pink chrysanthemums.

The bride who is in every day life charming and lovely, looked even more so in her simple and pretty bridal gown of white meteor crepe, which was made entirely of the bodice lavishly trimmed with handsome duchess lace, a family heirloom.

She wore a long tulle veil arranged in a cap shape which was also of duchess lace. Her bouquet was a shower of lilies of the valley. The maid of honor, Miss Louise Gund, wore a handsome gown of silver spangled and embroidered white chiffon and carried an arm bouquet of Killarney roses.

Mr. Lloyd Lamb was best man. After the ceremony a collation was served at a prettily appointed table which was centered with a large basket of pink roses.

Mr. and Mrs. Holcomb left on the midnight train for their new home at Algoa, Texas. Both of the young people are well known here and are popular favorites in society.

The wedding was pretty and characterized by its simplicity. Among the out of town guests were Mr. D. C. Armstrong of Albert Lea, president of the Bankers' Association of Minnesota, and wife; Miss Margaret Marston, sister of the bride, and friend, Miss McGinnis, of St. Paul; Mrs. L. A. B. Brown of Albert Lea, Mrs. Luther Derwent of Rockford, Ill.

Other guests present were the bride and bridegroom's circle of young friends, Mr. and Mrs. Holcomb and family.

SURPRISE PARTY

A surprise party was given in honor of Edith Ahrens' birthday Sunday afternoon. She was presented with many beautiful presents.

Those present were Misses Edna Ender, Helen Voss, Isabelle Langdon, Doris Ahrens, Minnie Rediske, Nellie Ahrens, Elsie Voss, Edna Langdon, Marie Ahrens, Jeanne Rediske, Edith Ahrens, Messrs. George Ender, Harry Ahrens, Alfred Scheel, Henry Ahrens. The party was chaperoned by Misses Lulu Ender and Elsie Ahrens.

SOCIAL BRIEFS

Mrs. Marston entertained a few of her intimate friends this afternoon at an informal coffee.

Mrs. L. Luther Derwent left this morning for Minneapolis, where she will visit her sister, Mrs. Lucy Morris.

Miss Marston and Mrs. McGinnis will leave this afternoon for St. Paul.

Mr. and Mrs. Frank Brodt of Faribault, Minn., accompanied by Mr. Norris Cole, motored to La Crosse. Upon their return Sunday they were accompanied by Mrs. L. M. Cole, who returned from Faribault today.

Mrs. John F. Newman has returned to the city after a visit with Miss Agnes Mulaney of Caledonia, Minn.

MEXICAN ARRESTED IN BUFFALO SAYS HE IS MAN WHO TRIED TO SEE COLONEL IN HOSPITAL

BUFFALO, N. Y., Oct. 30.—A Mexican held here in jail on a charge of trying to defraud the Erie railroad of transportation has written an alleged confession declaring that he is the man who tried to force himself into Mercy hospital Chicago, when Roosevelt was a patient there.

The man is known as Louis Antonio, Castro alias Francisco Robles, alias Robillies E. Molina. He was arrested here last Friday, it being alleged that an order he presented for transportation for New York was not valid.

The term of the man's grievance is his belief that Roosevelt violated the laws of the nation in the acquisition of the canal strip in Panama. The police think the man is not right in his mind, and he will be examined by alienists. He is about 30 years old, and told the police that his father is a mining engineer in Mexico.

Most of the arguments against equal suffrage seem to be taken from the Ladies' Home Journal and the Outlook. Without fear of a libel suit it is safe to say that Mr. Bok is the blackest reactionary against the progress of women in the country today.

When he rails against the institutions founded by such women as Mary Lyons, and such men as Matthew Vassar, how can he be expected to approve of votes for women? Men who are sending their daughters to these institutions in order to put them in a position to do the work of work cannot possibly agree with him there.

The attacks on our high and elementary schools are altogether too sweeping. Our public school system is the only system in the world that educates the children from the kindergarten to the college absolutely free; now if they have grown a little too scholastic to fit the needs of all the people today, the trouble is being remedied by the introduction of domestic science and manual training.

Any other abuses that may have crept in, we can safely trust to the best thought of our men and women to remedy. While the schools, high and low, may need regulation sometimes, they must not be exterminated.

The Outlook is slow about keeping up with the times, but the editor is learning, and his contributing editor is giving him the time of his life, and he may approve of votes for women yet.

If Miss Tarbell does not see the necessity of the ballot for women, Jane Addams does, because he work has taught her the necessity for it. Why should not she and thousands of workers have something to say about making the laws, as well as such men as Hinky Dink and Bathhouse John?

If the anti's keep on talking they will surely help the suffragists in Wisconsin. What they say may seem funny sometimes but they are not arguments. An anti seems anxious that women's bridge parties be not broken up; politics also is a kind of game and it might be a good thing to mix it up with bridge a little for a change.

If they should get angry over politics, they do over cards, sometimes, perhaps.

What about babies once more? Well, it seems that if the mother has not five minutes to spare, the father might look after it for that space of time.

Says Pat to Mike, what will the babies do.

When women go to vote? Says Mike to Pat, just as sure as this world.

The Tariff and Panics

The republican party (or rather that part of it which has grown fat off the tariff at the expense of the people) is trying to raise the regular every-four-year bugaboo of panic and hard times in case the democrats should win this election. They point to the panic of 1893 and carefully close their eyes to the panics of 1873 and 1907. They show just how the revision of the tariff downward under Cleveland caused all the hard times of 1893, and how the other two panics were due to other causes than the high tariff in force under republican administrations.

Why not be honest, and admit that the tariff had nothing to do with it. As a matter of fact, as Senator La Follette pointed out in his address here the other evening, the panic of '93 was merely the echo of the great Baring failure in Europe, which took place before Grover Cleveland was even nominated. The revision of the tariff did not take place until a year or so after the panic had occurred, and when it did take place it was not a genuine democratic measure.

In 1893 the democrats found themselves for the first time since the civil war in control of both house and senate, in addition to the presidency. However, the democratic majority in the senate was only two, and three of these were traitors to their party. Calvin S. Brice was the millionaire who built the "Nickel Plate" railroad and forced the Vanderbilts to buy it at an exorbitant price. With this money he bought himself a seat in the senate ostensibly to represent the Ohio democrats. Arthur Pugh Gorman was boss of the corrupt democratic machine in Maryland and senator from that state. James Smith, Jr., occupied a corresponding position in New Jersey.

The democrats in the house headed by William L. Wilson, drafted a genuinely progressive measure, calling for downward revision of all the oppressive high duties. When this bill came to the senate the republicans, aided by Brice, Gorman and Smith, so amended and changed the bill that it was hardly recognizable. In fact in its final form, it was almost as high a protection measure as its predecessor. President Cleveland was so disgusted with it that he allowed it to become a law without his signature. And this is the measure, passed in 1894, to which our republican friends attribute the panic of 1893.

And they attribute the prosperity of 1897 to the Dingley tariff, passed that same year. As if anyone could make the American people prosperous by taking a hundred dollars out of the pocket of every citizen each year, and handing it over to the favored manufacturers.

The cause of the prosperity of 1897 was the fine weather and big crops of that year together with the tremendous outpouring of gold that took place, making money almost as plentiful as if the cologne of silver had been instituted, as Bryan wanted it.

In the old days of tariff agitation the grafting beneficiaries raised the cry "the foreigner pays the tax," and ridiculous as this was, they managed to get away with it for many years. Now this self evident absurdity will not satisfy the people any more, so they have sprung a new one, almost as ludicrous.

They give the total amount of money taken in during the past year, at the various customs houses, and find that it amounts to \$3.64 for each man and woman and child in the nation. "Aren't you willing to pay \$3.64 a year for all the benefits that protection brings you?" they cry. They surely must be desperate to resort to so plain a deceit. For anybody with a grain of common sense knows that it isn't the higher

price of foreign made goods the buy that has so boosted the living, but the exorbitant prices we have to pay for American goods, thanks to the tariff, keeps out foreign made goods, the trusts have destroyed the trusts within our own borders.

The tariff graft on the income of an average American family to \$99.00 a year according to fully compiled figures. In words, a family of four pays times \$3.64 or \$14.56 to the States government in high taxes seven times this amount to American trusts, who are rich and powerful that they ever the life of free government.

And all this under the Pay rich tariff law, for which our gressman voted, and which Taft signed, and ex-President velt praised in 1910, before he out how unpopular it was.

Isn't it time that we put in row Wilson and a congress is in sympathy with him?

LONG NAVY'S BIGGEST VESSEL

Moth Battleship New York Takes Water from Brooklyn Yard

NEW YORK, Oct. 30.—In the presence of President William Howard Taft, and a great company of guests, the mammoth battleship New York, last word in Uncle Sam's sea fighters, slid into the water of the East river from the Brooklyn yard today. Built in the shipyard of the navy, the great battleship was declared by the navy to be the most powerful machine responsible for her, to be the greatest of all battleships, although she is only 62 per cent complete and it will be May, 1914, before she will go into commission. Her launch breaks out in the meantime.

MISS PAMMEL DIES OF OLD AGE

(Continued from Page One)

Miss Frelse. They embarked at La Crosse, coming to La Crosse, where for ten years they resided. Then they moved out to the La Crosse farm in State of Iowa. Their home was famous for its hospitality and many of the settlers recall with pleasure the times when they received its good cheer and entertainment. Mr. Pammel built his present home in Madison street in 1895. Mr. Pammel for many years has been a popular and active member of Germania taking a lively interest in its affairs since moving into town. He is a charter member of the Liederkreis and up to last May he bowed regularly at Germania. For a number of years he was chairman of the township board of Campbell, where he was the first to introduce irrigation and as a student of agriculture he was very helpful to the community. Mr. Pammel was a student of all the affairs of the day, reading with interest everything which treated of the public welfare and of those things which made for progress. He was a man of strict integrity and was faithful in his friendships. He was a man of strong character, upholding the right.

Nine children were born to Mr. and Mrs. Pammel, of whom five survive with the widow. The children surviving him are Mrs. Matilda Koch of La Crosse; Professor L. H. Pammel of Ames, Ia.; G. J. Pammel of Miles City, Mont.; Herman Pammel of La Crosse; and Mrs. M. E. Hanson of Crosse.

The funeral will be held Thursday

afternoon at 2:30 at the residence, 1215 Main street. The honorary pallbearers will be Messrs. Leonard Frey, C. F. Klein, Frederick Von Coelln, Capt. I. H. Moulton, G. R. Montague, Samuel McKown and George Frey.

GIBSON BOND \$1,000

MAN CHARGED WITH EMBEZZLEMENT ASKS FOR ADJOURNMENT; MAY SET-TLE CASE

H. E. Gibson, charged with misappropriating \$183 belonging to the Computing Scale company of Detroit, Mich., while serving in the capacity of traveling salesman a year ago, was arraigned in court here this morning and asked for an adjournment until Nov. 20, which was granted.

Gibson worked in this territory for his company a year ago and then suddenly disappeared. The alleged crime was committed while in this city.

Gibson was recognized by H. H. Stoops, a La Crosse man, on the streets of Minneapolis a few days ago. Stoops notified a policeman and Gibson was immediately arrested. He was brought to La Crosse yesterday by Undersheriff Louis Obermer.

Bonds were placed at \$1,000 by Judge John Brindley pending trial. Indications today are that a settlement will be made between Gibson and the company whereby the charge of embezzlement will be dismissed upon payment of the misappropriated funds by Gibson.

DUFFILL WILL WALK THE BRIDGE

F. E. Duffill, who was arrested Tuesday by Patrolman Sam Johnson after fighting him for several blocks was fined \$10 and costs by Judge Cronon this morning.

Duffill was arrested upon complaint of James Lynch, who declared that he was making himself obnoxious about his saloon. As soon as Patrolman Johnson attempted to arrest him he started to fight. He finally reached the police station leaving a trail of blood for several blocks behind him.

Ed Rofe, a friend of Duffill's, was arrested a few moments later when he appeared at the police station asking information. The police today declare that they will make both men leave the city via the wagon bridge route, classing them under the category of undesirables.

They came here from Savanna to work as firemen for the Burlington Railroad company, being transferred from that city.

It is quite possible to crack a joke without damaging it.

SAYS CAPITOL IS WORTH THE PRICE

Assemblyman McConnell Says Wisconsin Is Not Poor Backwoods Settlement

IT HAS NO BONDED DEBT

Building to Be Pride of the State; Will Stand for Many Generations

After refuting the democratic charge of extravagance in state affairs and showing that the much discussed commissions or boards having in hand the administration of various parts of the state's business are made up of both republicans and democrats and include of the state and that most of the state commissions or boards, without pay, Mr. John E. McConnell at a meeting in Boyle's Hall last night took up the charge made by some of the local democratic speakers that the building of the new capitol is a waste of money.

Mr. William McGaughren preceded Mr. McConnell and discussed the workmen's compensation act from the standpoint of one interested in an institution employing men. His address was a vigorous defense of the measure based on actual experience. He also went extensively into other labor laws passed by the republican legislature, paying particular attention to the hours for women measure.

A discussion of national issues occupied a portion of Mr. McGaughren's time.

"A new capitol had to be built," said Mr. McConnell, "the question was what sort of building should it be. The legislature and state officers decided and decided rightly, that it must be worthy of the state. Wisconsin is not a poverty stricken backwoods settlement, but a great, prosperous growing commonwealth, with an area of fifty-four thousand square miles, a population of two million five hundred thousand souls, the property of the assessed valuation of three million dollars. Its business might possibly be transacted in barns and ice houses but no one, not even the most critical of our democratic friends in his most critical mood just before election would be proud or pleased if it were so done.

"We are building a beautiful spacious fireproof structure that will stand for generations, a monument to the wisdom and artistic judgment of our people, just as our sister state of Minnesota has done. We are paying for it as we go, as we do for everything else, for Wisconsin has no bonded debt, and we are getting full value for every dollar put in. The board having charge of the work of building, another of these 'expensive commissions,' receives no pay and includes some of the ablest men in the state, republicans and democrats alike. In fact, the leading spirit upon the capitol commission when the building was started and the man who was at the head of it so long as he lived was that most distinguished of Wisconsin democrats, Col. Wm. F. Vilas."

21 MILL TAX PROBABLE

The reduction of the county's share of the state tax from \$56,474.30 to \$36,761.56 will mean a reduction of the tax rate in the city of La Crosse of from 22 mills to 21.42 mills, or a difference of over two mills.

The county's share of the state tax this year is \$19,712.74 less than last year. Last year the city paid about 62 per cent of the county tax. At that rate the reduction in the state tax will mean a saving equal to 62 per cent of \$19,712.74, or \$11,921.44.

The reduction in the amount of the city's disbursements owing to the fact that the state and county's share of the income tax had already been deducted but had not been allowed for in the city budget will mean the reduction of nearly another half mill, bringing the tax rate down to 21 mills or equal to that of last year.

SOCIAL SESSION AFTER MINSTREL

Elks Conclude Pleasant Three Days' Festival with Largely Attended Social Gathering at Club

Following a repetition of their minstrel performance at the La Crosse Theater last night, in which a triumph even greater than that of the previous evening was scored, a social session was held at the Elks' club rooms. Luncheon was served, and an impromptu musical program made up of several of the numbers from the minstrel program, with variations, entertained the guests until past the "witching hour." Dancing in the lodge room occupied the attention of the younger set.

During the evening Mr. W. F. Hurling, exalted ruler, introduced Congressman Sydney Anderson of Lanesboro, who pleased the assembled guests in a complimentary little speech which he concluded with a good story that caused him to be voted a good fellow.

Prominent among the party was the Winona delegation of visiting Elks, forty-seven in number, who attended the minstrel show in a body and later injected politics into the social session. They enjoyed a pleasant visit with their congressman, who spent considerable time in their company. Among the other out of town guests were Mrs. Sydney Anderson and Mrs. J. H. Leary, of Lanesboro, and Mr. and Mrs. Alois Fix and Mrs. Edna Elletson of Tomah.

The Holly Shepards were the recipients of constant congratulation upon the success of the minstrel show, and many members who did not expect to see them again embraced the opportunity to bid them an affectionate farewell.

A Good Song

Harold Cummings scored a triumph at both the minstrel performance with his song, "Kentucky Eyes." In clear tenor the melody rose above the heavy chorus in the sweetest song of the entertainment. Mr. Cummings' talent is extraordinary and with lights turned low the sentiment of the southern love song touched the hearts of the audience that filled every seat in the house.

Every seat in the house was filled too, even the gallery, because the entire gallery was turned over to children free of charge. The children were not a bit backward in accepting the hospitality of the Elks and the way they enjoyed the show added no small amount to the enjoyment of the rest of the audience.

Shepards Depart

The entire show went off without a hitch and was a financial success that will be appreciated in certain quarters during the lean months of the coming winter. Mr. and Mrs. Shepard left for Rochester today where they have signed a contract to put on a minstrel show for the Elks of that city.

Citizens Decorate

Friendly sentiment was shown by a number of La Crosse merchants who decorated their stores with the Elks' colors, an artistic window trimmed by Miss Lennon in purple and white having attracted particular attention.

HUNTING CLUB TO HOLD ANNUAL MEET

The La Crosse County Hunting and Fishing association which was organized in this city last year, will hold its annual meeting at the county court room of the court house Friday night. Besides the election of officers and the appointment of committees business of importance will come up. It is planned to extend the plan of procuring legislation beneficial to sportsmen and market fishermen and the question of finding better ways and means of enforcing the present laws will be discussed. It is expected that a large number of sportsmen and others will attend the meeting.

Cut out the worry about yesterday's sorrows and get busy with the joys of today.

R. W. DAVIS OPENS CAMPAIGN IN CITY

Says Republicans Killed Direct Election of Senators Bill in Legislature

ATTACKS INCOME TAX LAW

Declares It Discriminates Against Real Estate Holder; Skaar Sees Victory

Charging the progressive republicans of Wisconsin with killing the bill providing for the direct election of United States senators in the last legislature because it was offered by the democrats, in spite of the fact that the direct election of senators has been urged by republican platforms for several years, R. W. Davis of Bangor, opened his campaign for the state senatorship in La Crosse in a speech at Kisselbach's hall on the north side last night. About forty men attended the democratic meeting.

"The bill providing for the direct election of United States senators, commonly known as the 'Oregon Plan,'" said Davis, "was introduced in the senate by Senator Hustings, a democrat, and in the assembly by Assemblyman E. J. Kneen. The progressive republicans advocated this measure for several years. The bill passed the committees unanimously for passage. It passed the senate 17 to 8. The bill was then held up in the assembly for two weeks. After it had been ordered to a third reading a motion to reconsider it was passed and the process of mutilating the bill with amendments was begun. The bill was finally killed in both houses. The republicans killed the bill in spite of the fact that direct election of senators was a cardinal plank in their last platform."

Mr. Davis accused the republican administration with extravagance which he claimed was brought about through the lavish expenditures of the various state commissions. "Some of the attempts to spend money were absolutely ridiculous," he said, "and were so crude that they could not get by in a legislature accustomed to all manner of extravagances. Senator Otto Bosshard introduced a bill to create a waterways commission, which I believe had no other purpose than to provide a political job for some of his friends. Assemblyman McConnell tried to get this bill through the house but it was killed."

"I would like to ask Mr. Bosshard and Mr. McConnell to explain, if they can, why it is that the cost of the state game and fish commission has increased from \$4,000 to \$184,000 within the last few years. They say the members of this commission serve without salaries, but I notice that the state has to pay a pretty bill for their services."

Mr. Davis declared that the income tax discriminates against the real estate holder because the revenue raised by the income tax is not large enough to offset the loss on personal property tax exemptions. He said this applies to all of the state except perhaps Dane and Milwaukee counties.

Joseph Boschert also spoke at the Kisselbach hall meeting discussing national issues. Mr. Davis and City Attorney A. H. Schubert spoke earlier in the evening at Sellar's hall on the Mormon Coulee road.

The democrats will hold meetings at Kabat's hall, Tenth and Hood streets, Island Street school house and at Rhodes Hall, Barre Mills tonight. J. L. Utermoehl, R. W. Davis, John Doherty, A. C. Wolfe and O. R. Skaar will be the speakers at these meetings.

O. R. Skaar returned today from a trip through the Wisconsin valley and when seen in the democratic headquarters today he was enthusiastic in his predictions that Wilson will carry not only the western part of the state but the populous Wisconsin valley. "I spoke to prominent republicans in Rhinelander, Tomahawk, Wausau and Merrill," he said, "and I find that they are solid for Wilson. They are not a bit backward in saying that they will vote for the democratic candidate for the presidency this year. I also believe that many La Follette republicans will vote against McGovern in this state and that together with the solid democratic support will elect Karl governor."

ly to the workmen's compensation law. He calls it a 'sop to the laboring man.' That's all he has said about the compensation feature, but he declares that he is opposed to state commissions. As I understand his utterances, were he elected, he would vote to do away with all commissions. He says that they are useless and extravagant.

"But this law which provides a compensation for the injured laborer and which the La Crosse Trades and Labor council has so openly endorsed is enforced by the industrial commission. To legislate that commission out of existence is to emasculate the law. And yet our good friend, Mr. Hood, would destroy this commission. He would destroy this law, providing for the compensation of injured workmen, a useless thing. He would destroy the machinery by which the rights of the workman are enforced. A vote for him is against McConnell is a vote against the very law that protects you workingmen."

"I appreciate that there are but few in this audience who live or vote in the First Assembly district and perhaps many are not particularly interested in the attitude of Mr. McConnell upon this proposition; yet I refer to it because Mr. McConnell is a candidate upon the republican ticket in this county. He gives expression to the ideas of the other republican candidates. He stands and has stood for the things which the other republican candidates stand for. And when I have shown his position upon these things, I make plain the position of the entire ticket upon these identical questions."

"You are directly concerned in the election of an assemblyman from your Second district."

Praises Strupp
"The democratic candidate, Mr. Kneen, seeks re-election. He is opposed by Frank Strupp. Mr. Strupp is a man of long residence in La Crosse county, and it seems unnecessary for me to make mention of him as an individual or of his standing in the community. He needs no introduction to you. You already know him as an honest, conscientious citizen. If elected he will stand for the things which the republican platform in this state advocates. He will do all in his power to see the pledges in the republican platform carried out, and the bills there suggested enacted into laws. He believes in the perpetuation of our laws in regard to compensation of injured workmen and other legislation passed by the recent Wisconsin legislatures; if elected he will vote to sustain those laws."

"The democratic nominee, Mr. Kneen, voted against that law in the legislature of 1911. He stands upon a platform which is reactionary and I accept his profession of sincerity in his advocacy and support of the candidates upon the democratic ticket. We have every reason to believe that if re-elected, he would be faithful to his party obligations; that he would vote and work to carry out the precepts of its platform, and if possible, assist Mr. Hood in the emasculation and extinction of statutes which have been placed on our books with such effort after so long a struggle."

"I mention the workmen's pension law. What I say in reference to that law is directly applicable to the various other laws enacted and various laws repealed by the Trades and Labor in its resolution. It is true laws compelling safety about machinery; establishing cautions for the safety of buildings; hours of labor; the safety of minor employees. All these and others are enforced by the industrial commission which inspects and compels compliance with in all their details. They are remodeled to meet requirements. Ample provision is made for the accommodation of workmen; women must be employed in dangerous machinery must be safe; the safety of the health of the employee every turn and in every manner. Were it not for this law, the workmen must either seek where, or, at his sort to courts for the laws. "REALLY DOES" PUT STOMACHS IN ORDER AT O. GE—PAPE'S DIAPEPSIN

Time it! In just five minutes there will be no Indigestion, Sourness, Heartburn Gas or Dyspepsia.

Do some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic jot this down: Pape's Diapepsin digests everything, leaving nothing to sour and upset you. No difference how badly your stomach is disordered you get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. Diapepsin is quick, positive

and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as Diapepsin comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

Put an end to stomach trouble by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.

RUSH FOR SEATS TO CHICAGO GAME

Mail Order Sale of Tickets to Badger-Maroon Game Is \$3,500 Today

MADISON, Wis., Oct. 30.—(Special.)—The rush for seats at the Wisconsin-Chicago game here next Saturday is now on in full blast, and the mail order sale to date has reached \$3,500. Student tickets ordered in advance have been withheld from delivery until a day or two before the game to prevent scalping.

Manager J. W. Wilce of the athletics department will speak to the Milwaukee Alumni association to night. The Milwaukee contingent will come to the game on a special train. Coach Vail of the crew will address the Chicago alumni of Wisconsin in Chicago Friday night. Judge John C. Karel, will be one of the speakers at the mass meeting in this city Friday night. The gubernatorial candidate will attend the game on Saturday.

Some excitement was occasioned among the students by a report that a stranger, stationed on the heights overlooking Camp Randall, busily took notes of the Badgers' practice on Monday afternoon, aided by spy-glasses. It is said, however, that he could gain little knowledge other than a general idea of the team's speed.

NEW S. V. CAMPS FORM

MADISON, Wis., Oct. 30.—New camps of the Sons of Veterans order in Wisconsin have recently organized at Lodi, Ripon, Neenah-Menasha and Kiel, according to Division Commander H. S. Sigelko at the state headquarters here. New camps will be started within the next two weeks at Pardeeville, Poynette, Portage, Evansville, Fond du Lac, Milton, Edgerton, Sheboygan Falls and other places. John C. Martin of Madison, formerly Wisconsin commander of the G. A. R., is touring the state in the interest of the S. of V. organization and many of the new camps have been started by him. One of the largest will be at Neenah-Menasha, where the state convention, together with the state G. A. R. encampment, will be held next summer. The city mayor is one of the charter members.

Commander-in-chief Ralph M. Grant will visit the Wisconsin division in December. The Madison camp will be the host and delegates are expected from many outside cities.

BOURSE TO HAVE SMASH

BERLIN, Oct. 30.—Bankers here worked desperately today to prevent a financial crash on the Bourse on settlement day, October 31. Though it was agreed that the situation was serious, due to the disorganization caused by the Balkan war, and to the danger that the struggle will spread, good financial authorities gave it as their opinion that there will not be many failures.

COACH MCCARTHY SAYS LESS DISPLAY AND NONSENSE SHOULD BE USED AT U. CELEBRATION

MADISON, Wis., Oct. 30.—The proposal of a \$2 junior prom, which is being excitedly opposed by a large portion of the Wisconsin university student body, finds favor with Dr. Charles McCarthy, the well known coach. The new plan is championed by Irvin W. White, cross country coach and candidate for prom chairman.

"I am in favor of everything which leads to greater democracy," said McCarthy, "as well as greater economy and common sense in student life. I believe White's platform is sensible, and anyone who has been near the legislature, as I have been, well knows the resentment against the display and nonsense of 'prom' time. The university is not a rich man's school, and every tendency to make it so should be thoroughly fought by all who believe in the Wisconsin idea."

Wholesale Condemnation.

"One of the first things that was told me when I landed in the state of Massachusetts, in my vacation from the territory of Hawaii, was the story of a little girl in the Sabbath school. The class was asked by the teacher what heathens was. Several girls gave answers, and finally this little one put up her hand, shaking it most vigorously, and the teacher asked her, and this was the definition she gave: 'Heathens is anyone born outside the state of Massachusetts.'—Exchange.

Various Forms of Hiccough.

Allied to the rare forms of nervous hiccough there is also the emotional hiccough, which arises in connection with a moral shock, severe fright and sudden emotion, the hiccough due to irritation and hysterical hiccough. The latter is a particularly noisy form, with a rough, coarse sound. It is sometimes a sort of yelping or barking noise, persisting for some minutes or even hours.

ADIANOPLE, SURROUNDED BY BULGARS AND FACING STARVATION, T ADVANCE ON CONSTANTINOPLE RELIED ON BY TURKS TO PREVENT

Main street of Adrianople.

Adrianople, now surrounded by Bulgarian troops and on the verge of starvation, is the principal city of European Turkey, and is relied on by the Turks to prevent a hostile army approaching Constantinople. Its people number about 800,000, half Turks, the rest Armenians, Israelites and Greeks, except for a handful of Catholics and Protestants.

The fortifications are very strong. They are composed of forty modern forts in a semi-circle running around the northern part from east to west, with minor forts between. The south is the weakest spot, being guarded practically only by the river, there are treacherous marshes on that side.

BANDITS STAB OLD MAN

CHICAGO, Oct. 30.—Three hold-up men stabbed Michael Wickart, 82, when he resisted them early today. The trio entered Wickart's saloon at 1401 West Congress street, and when one of them leveled a revolver at the old man, he started a fight. Wickart was making a good showing when a knife was brought into play by one of the bandits, and seven wounds were inflicted in Wickart's body. Doctors said he might recover.

Human Nature.

"Why is it," asked the curious guest, "that poor men usually give larger tips than rich men?" "Well, sub," said the waiter, who was something of a philosopher as well, "looks to me like de po' man don't want nobody to find out he's po', and de rich man don't want nobody to find out he's rich."—Youth's Companion.

Where There's a Will

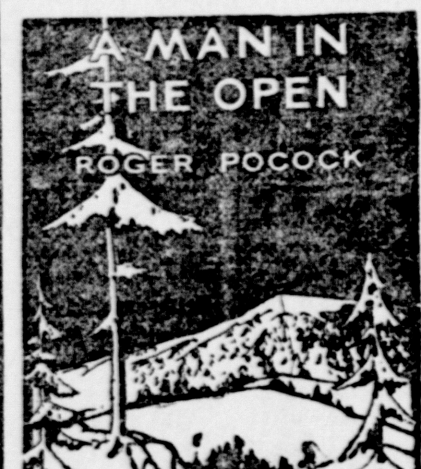

By the Author of SEVEN DAYS
By Mary Roberts Rinehart
Author of When a Man Marries, The Man in Lower Ten, The Circular Staircase, The Window at the White Cat, Letitia Carberry, etc.
Oh, Mary Rinehart is a well of humor without guile; long may she wave on earth to tell the yarns that make us smile. When you are jaded take no pill, no dose in bottle sealed; sit down and read WHERE THERE'S A WILL and you'll be promptly healed.

The Sign at Six

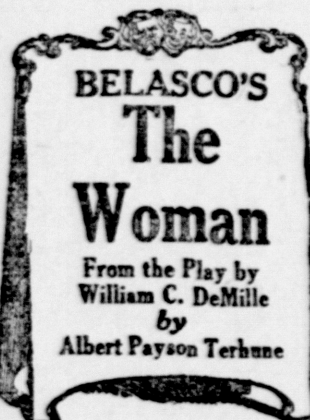

By Stewart Edward White
This is the story of a man who thinks he owns New York and of another man who undertakes to convince him of his error.
In the struggle between them Manhattan becomes a city of unbounded surprises and of thrilling dread. The popular author of *The Blazing Trail* has never written more plausibly, more forcibly, more entertainingly.

SIGN AT SIX

By Roger Pocock
A Man in the Open
The author has delineated a man and a woman who are recognizable as breathing human beings, in circumstances almost unbelievable, and made them wholly consistent.
A big, strong man and a most attractive woman—the soul-searching experiences they had before they found the sweet boon known as peace.

Belasco's The Woman

From the Play by William C. DeMille by Albert Payson Terhune

Can a woman do as she pleases in her youth and by the strength of her will, the force of her determination, avoid the consequences? Can she, by laborious secrecy and tireless evasion, make the world judge her as the world judges men, and not as the world judges women? Can she once—and once only—step beyond the bounds fixed by society and resolutely step back without a penalty?

This great problem of a Woman's Will Against the World is the problem of THE WOMAN in the intense, arresting novel which Mr. Terhune has based upon the Belasco drama.

The SECRET of LONESOME COVE

By Samuel Hopkins Adams
Fresh invention and skilled technique are here pre-eminent to the exceeding joy of the reader. The hero is a unique figure in mystery stories. Men and motives are his life study, and his knowledge of them is profound.

The Valiants of Virginia

Ready in November
More thoroughly characteristic of its author than even her great success, *Satan Stands Alone*, the new story, *The Valiants of Virginia*, is Hallie Erminie Rives from the first word to the last. Rich in plot, charming in atmosphere, original and striking in its character values, it should take high place among the Rives romances, if not indeed the highest place.

The Master of Mysteries

Written by a well known author who, for reasons of his own, has preferred to remain anonymous. He has incorporated in the book two cipher messages—one revealing his name, and the other his motive for withholding its appearance from the title page. The cipher is not difficult and will reveal the most surprising mystery in the volume.

The Red Button

By Will Irwin
Author of *The City that Was*
This tale of the real New York is read with intense interest to discover the murderer of Captain Hanks; with great good humor because a lively group of men and women bustle through the pages—a group full of animation and reality.

THE JINGO

by George Randolph Chester
Author of *Get-Rich-Quick Wallingford*, etc.
The *Jingo* is effervescent with fun, the liveliest novel Mr. Chester has written. It is American through and through. It will never grow stale, for its supply of fun is too fresh and clean and original ever to pall on those who enjoy good humor.
Mr. Chester's other novels are *The Making of Bobby Burnit*, *The Cash Intrigue*, *Get-Rich-Quick Wallingford*, *The Early Bird*, *Young Wallingford*, *Five Thousand an Hour*.

THE PLACE of HONEYMOONS

By Harold MacGrath
Author of *THE MAN on the BOX*, *HALF A ROGUE*, *THE GOOSE GIRL*, *THE LURE of the MASK*, etc.
The theme of Mr. MacGrath's new story is a glittering one. An Austrian Prince, in disguise, is a prominent character. The heroine is a grand opera singer and a beautiful woman.
Courtlandt, the young American hero, is a typical MacGrath creation, so rich that he cannot get rid of his money fast enough. No love plot was ever more original. Clearly this is one of the best of the MacGrath stories.

The Midlanders

By Charles Tenney Jackson
Author of *THE DAY of SOULS* and *MY BROTHER'S KEEPER*
An American novel in the fullest meaning of the word.

MEN OF NORMAL JOIN THE MILITIA

Fowler's Talk Brings Many Recruits; Band Plays Way to Favor

Declaring that war is by no means an impossibility and that the United States may become involved in such a turmoil on very short notice, Prof. F. H. Fowler, principal of Hamilton school, spoke to the normal school students yesterday on matters military. Prof. Fowler pointed out the great weakness of this country as far as trained troops is concerned and urged all the young men to indulge in some form of military training. His talk was listened to with great interest and when he was through questions were asked and answered with the result that several new recruits have been added to the roster of the local militia companies. Professor Fowler being captain of Company M.

The Y. W. C. A. gave an interesting program yesterday afternoon in the association parlors. Miss Ethel Dickens lead the discussion on "The Woman Worth While." Miss Mayme Barber rendered a delightful soprano solo.

The normal school band has made its debut and attracted much favorable comment. Under the direction of Prof. F. A. Cotton the organization of about thirty pieces is playing the best band music and playing it well. At the Milwaukee game it was constantly in the limelight adding much in the way of enthusiasm by its martial music.

Coach Carter is now directing his efforts towards getting the football team in shape for the coming game with River Falls which will be staged in that city Nov. 9. The men are not at all downhearted over the loss of Saturday's game and are confident that with a similar showing against River Falls and Platteville, those two teams can be taken in tow.

KAREL CHARGES LIBEL

STARTS ACTION AGAINST MEN HE ALLEGES CIRCULATED PETITION ASKING HIM TO RESIGN

MILWAUKEE, Wis., Oct. 30.—Because of a circular attacking Judge Karel, Dr. John J. McGovern, Chairman Lawrence Conlan of the republican county committee, W. F. Willis, secretary of the committee, Fred L. Prescott, "alias Frank L. Prescott," Fred Gerhardt and the L. Breithaupt Printing company, have been summoned to appear Saturday morning before Court Commissioner Roehr for examination under the discovery statute.

The object of the special hearing is to discover whether there is sufficient evidence upon which to base a suit for slander.

The complainant is Judge John C. Karel, democratic candidate for governor.

The circular which is the basis for the hearing Saturday morning was circulated yesterday, and it asks Judge Karel to resign as judge of the county court of Milwaukee.

Then follow four reasons upon which the complainant aims to base a suit for slander.

Drying Bottles and Lamp Chimneys.
Take the handle of an old broom and cut it into 12-inch lengths. Fasten these sticks in upright position to a board one inch thick, placing them seven inches apart. After rinsing the bottles, vases, etc., turn them upside down over these sticks to dry. If a handle is placed at each end of the board, it will be an easy matter to move it about from place to place—Woman's Home Companion.

Looking to the Future.
"It is comfortable to see one's husband sitting down after dinner to enjoy his cigar, and then there is something rather soothing about the aroma of a good cigar, too." "Oh, I don't care anything about the comfort of it or the aroma; but as long as my husband smokes, it will always be easy to tell him how to begin when he insists that we have got to economize."—Judge.

Eat Albatross Eggs.
The natives of Hawaii are large consumers of albatross eggs, which are secured principally from the Island of Laysan, the Hawaiian group. These eggs are so plentiful on this island that they are gathered in wheelbarrows and carried to the shore in boxes and loaded on a small industrial railroad.

Origin of Popular Saying.
The origin of the saying that it takes nine tailors to make a man is thought by some to be a corruption of "nine tellers make a man," the "tellers" being another name for "tolls" of a bell. The English custom was to strike three times three tolls or "tellers" on the passing bell for the death of a man. It was three times two for a woman.

Easy Check to Forge.
Judge Lumley Smith remarked at the Old Bailey that checks for £8 odd were most frequently altered by forgers engaged in what was now an extensive business. Only a "y" was needed to change the eight into eighty. In the case before him a check for £8 14s had been made into one for £80 14s.

The rounder doesn't always move in the best circles.

Dr. Hartman Answers Questions About The Revised Pe-ru-na

S. B. HARTMAN, M. D.

In response to a great many queries I wish to make public statement concerning the sale of Pe-ru-na.

No, we are not selling as much Pe-ru-na as we used to. The reason for this is the change in the formula of Pe-ru-na.

The patent medicine business is very peculiar and particular. A person who has been in the habit of taking patent medicine will notice very quickly the slightest alteration in color, taste or effect. It does not look as it used to, or smell as it used to, or have the taste as it used to. It does not feel exactly the same in the stomach as before. The medicine will be promptly returned to the drug store and a new bottle demanded.

All this I knew before I changed the formula of Pe-ru-na, which I did six years ago, but did not realize

the difficulty of overcoming the people's notions on this subject.
I made a change in the formula of Pe-ru-na. Quite a radical change. A change that altered the color and the taste and somewhat the medicinal effect of Pe-ru-na. I did this believing it was the best thing to do under the circumstances.

Immediately the change appeared, the people began to complain of Pe-ru-na. They generally thought the druggist was to blame, that their bottle of Pe-ru-na had been tampered with. This made bad feelings between the users of Pe-ru-na and the druggists. The druggists in some cases became irritated and angered and made complaint to the wholesalers and manufacturers. Thus the trade was temporarily in an uproar.

After a year of explanation the trade quieted down and the new Pe-ru-na took its place in the drug stores as a popular household remedy. And yet it has not attained the popularity that the other Pe-ru-na had. Changing the formula of Pe-ru-na was equivalent to introducing a new medicine into the drug trade, an extremely difficult thing to do now-a-days.

Pe-ru-na as it is made today is a very excellent remedy for catarrh and general catarrhal ailments. It is for sale in all drug stores and has a slight laxative effect, very much needed in these days. It seemed to me that it was in many ways a better remedy than before. Yet in spite of all explanations there is a considerable demand for the old Pe-ru-na as it used to be made.

I have authorized the formation of a company to manufacture under the trade name of Ka-tar-na. Ka-tar-na Co. is located in Columbus, Ohio, and stands ready to supply the trade with the old formula of Pe-ru-na under the Ka-tar-na.

Specific Blood Poison

Specific Blood Poison is the most insidious of all diseases. It begins usually by a tiny sore which is the only outward evidence of its presence. But down in the blood the treacherous poison is at work and in a short time its chain of symptoms begin to crop out. The mouth and throat ulcerate, skin eruptions break out, sores and ulcers appear on the body, the glands in the groin swell, and sometimes the hair comes out. Mineral medicines cannot cure Specific Blood Poison; they only make the disease up in the system to smolder and await an opportunity of breaking out afresh. The only possible way to cure the disease is to remove the germs from the blood. S. S. S. goes into the circulation and removes the last trace of the infectious virus, tones up the stomach, bowels, kidneys and all portions of the system, and thus makes a perfect and lasting cure. S. S. S. is made entirely of roots, herbs and barks; it does not contain a particle of mineral or other harmful drug. Thousands of Specific Blood Poison by the use of S. S. S. A new club appealing to lovers of dumb animals is in the course of formation in London, under the patronage of many well-known people. A novel departure will be the dogs' cloakroom, consisting of premises, with attendants, which will be utilized for the purpose of taking charge of members' dogs when visiting the club. Boarding the animals at the club will be one of the features, and there will be a catering section where dogs can have their meals.

Provides for Care of Dumb Animals.

A new club appealing to lovers of dumb animals is in the course of formation in London, under the patronage of many well-known people. A novel departure will be the dogs' cloakroom, consisting of premises, with attendants, which will be utilized for the purpose of taking charge of members' dogs when visiting the club. Boarding the animals at the club will be one of the features, and there will be a catering section where dogs can have their meals.

Chicago Grain Review

CHICAGO, Oct. 30.—Everything worked to favor the bear element in the grain pits today. Over night news on the wheat situation was exceptionally bearish, and prices today were considerably lower. Shipments were large, and shipping facilities excellent.

Corn futures slumped at the start. Receipts were heavy in the oats pit, and there was little trading.

Provisions were stronger, and prices regained part of the losses of the last few days.

HIGHS READY FOR FORT ATKINSON

Championship Game to Be Played on the Local Gridiron Saturday

VISITORS HOLD STATE TITLE

If La Crosse Wins They Will Have a Good Claim to State Championship

The high school football team is putting in a busy week of hard work in preparation for the game with the Fort Atkinson highs here on Saturday. The winner of this game has the best claim to the championship of the state so both teams are concentrating all their strength and fancy plays for this crucial contest. The Fort Atkinson team has not been defeated this year and has beaten every team of any note in the southern part of the state and last Saturday played the East Milwaukee team for the championship of the southern part of the state and won by a score of 27 to 0. This speaks well for the ability of the Fort team which won the state championship last year. Most of the team of last year will be here Saturday. Among them will be Muesel the man who last year was given a place on the all-state eleven.

The locals are not in the least daunted by the array of large scores the Fort has piled up this year but they realize that every man has to work for all he is worth to come out at the long end of Saturday's game. Since the game at Eau Claire some two weeks ago the local men have been doing all in their power to strengthen those parts of the defense that were weak and to make their offense more baffling and aggressive. Scrimmage every night last week and every night thus far this week has put the line in shape to hold under any sort of attack.

Captain Wiebrecht will be back in the lineup on Saturday which will materially strengthen the backfield and add more confidence to the team. Bruha has been doing some excellent playing at end and may be played at right end next Saturday. The rest of the team will be the same as usual and this assures a strong defense. The team has mastered several new plays which are sure to be big ground gainers and ought to help considerably in the scoring ability of the locals.

THINKS GOMEZ CAN HANDLE SITUATION

That there will be no necessity for another American intervention in Cuba is the opinion of Senor Rivero, Cuban minister to the United States. The minister discredits the stories that Gomez may resign, and declares the Cuban president will be able to handle the situation. The present trouble in Cuba arises from the fact that there is to be an election in the republic on November 1.

MICHIGAN MAY HAVE ASSISTANT COACHES

ANN ARBOR, Mich., Oct. 30.—Michigan may emphasize the graduate coach system to aid Coach Yost of a result of a widespread feeling that the veteran football director has too big a contract on his hands. He is some times among 200 football players on the field, and loyal Wolverines believe that much promising material fails to be uncovered. During today's practice Leichter was seen in center, where weakness caused the loss of the Syracuse game.

RIVERS PREPARING FOR MANDOT FIGHT

LOS ANGELES, Cal., Oct. 30.—Joe Rivers left for his brother-in-law's ranch at New Hall today. The Spanish boxer intends to spend at least ten days up there, hunting and roughing it in the hills. While Rivers is there, Manager Joe Levy will be busy here getting suitable training quarters, and sparring partners for Joe. His fight with Joe Mandot is set for Thanksgiving Day. Harry Coleman, manager of Joe Mandot, telegraphed that he and Mandot will leave for Los Angeles November 6, and arrive here by November 9.

MACKINAW CITY, Mich., Oct. 30.—Members of a searching party consisting of more than a score of Mackinaw City business men yesterday, found the coat and hat of Earl Smith of this city, who was lost in the woods about 18 miles from here two weeks ago. Practically all hope of finding the lost man alive has been abandoned.

Young Smith is believed to have yielded to despair in an unsuccessful fight to cure himself of alcoholism, and to have lost himself deliberately.

BRONSON'S WORK POOR

ST. Bronson's judgment of distance was bad, and he missed repeatedly.

OLD STARS HELP BADGER COACHES

Rogers, Deering, Messmer and Vanderboom Aid Juneau Before the Chicago Game

VAN RIPER TO BE IN GAME

Walter Steffen, Former Captain, Helping Staggs in Coaching Maroon Eleven

MADISON, Wis., Oct. 30.—Four of the biggest football men ever turned out by Wisconsin, Biddy Rogers, Max Deering, Vanderboom and Johnny Messmer appeared in football togs at the camp Monday afternoon to help the coaching force whip their men into shape before the big game. A rumor circulated about the campus on Monday that Coach Staggs had protested the eligibility of Eddie Gillette was emphatically denied by Director of Athletics George W. Ehler.

The report had it that the Wisconsin quarter was protested on the ground of professionalism, but the story was completely exploded at the athletic department where it was stated that absolutely no word of any kind from Maroon headquarters had been received here.

Van Riper Recovering
Johnny Van Riper, whose condition is the most absorbing topic of conversation on the campus, was out walking Monday. It is expected that the cap will be taken off his injured knee on Tuesday or Wednesday after which the big halfback will resume his position in the lineup. He is improving rapidly and all signs now point to his being able to start out against Chicago in good fighting trim.

The score made by Chicago against Purdue on Saturday is taken here as a piece of strategy on the part of Staggs, as the football wizard carefully avoided pushing his men, and showed few plays which the Badgers coach might profit by.

Coaches Fear Over-confidence
The coaches are just as wary of Staggs' team as they have been right along, and are using every means in their power to guard against over-confidence.

Preparations for the big game are rapidly nearing completion at the camp. Temporary additional bleachers have been erected in the space between the grand stand and the running track, and also on the east side of the field.

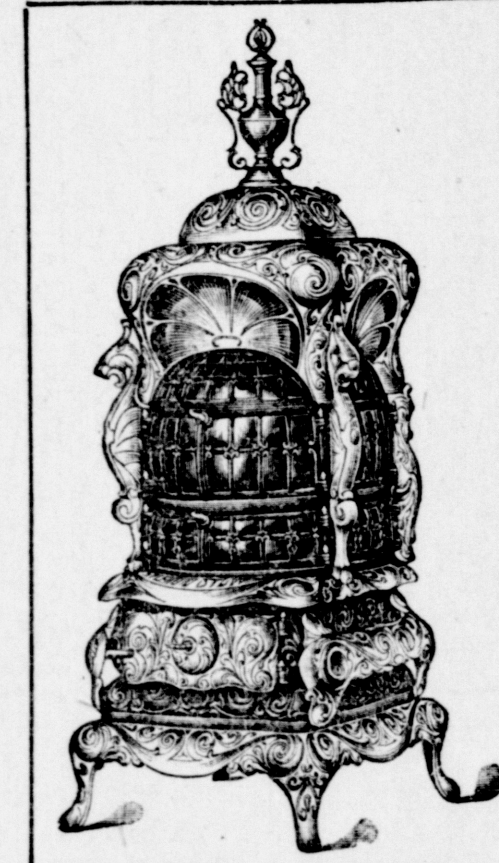

Boxes are being erected in the running track in front of the grand stand which will afford as good a view of the field and players as the

Strengthen Maroons
CHICAGO, Oct. 30.—"Skin the Badger!" is the word in the University of Chicago football camp this week, and preparations for Saturday's football game go merrily on. Staggs has weighed the ability of his team and found it wanting in every department. He will devote the next four days to the most gruelling drill a Midway football squad has known since the "old man" took charge. Practice on signals and new formations will continue every night this week until long after dark.

Every phase of football work was touched last night. Catching and running back punts started the workout, and wind sprints brought the session to a close. Between whistles was a scrimmage with the freshmen, work on the tackling dummy, forward passing, blocking and the usual run of Staggs' training tactics. Paine had charge of the team at quarter, but may be shifted to give either Smith or Kuh a chance later in the week. Paine's slowness in running of plays Saturday was largely responsible for the seemingly weak Chicago defense.

Walter Steffen, the old Midway star, joined the volunteer coaching staff last night to help whip the ends and back field into championship

class for the Wisconsin game. He has watched the work of the Maroon flanks this fall and has seen much to criticize. The ends have shown lamentable slowness in getting down the field under kicks and have not tackled with good results when they did get there.

One great fault Staggs finds with his men is their poor tackling. The players are altogether too courteous, or else trust too much to luck to enable them to snare the runners. Oliphant got away for several long runs Saturday for the simple reason the Chicago tacklers were not deadly enough in their aim.

TINKER SAYS HE IS DONE AS CUB

CHICAGO, Oct. 30.—Joe Tinker, shortstop of the Cubs of the National league, will become manager of the Cincinnati Reds next season if a suitable trade is made for him by President Murphy and Manager Evers of the West Side team.

If such a trade is not made Tinker will quit the game indefinitely and finally. "I will never play with the Cubs again," Tinker told Evers Sunday. He repeated the statement to President Murphy Monday. He again repeated it to the newspaper men yesterday afternoon. Incidentally Tinker and Garay

Herrmann, principal owner of the Cincinnati Reds, have come to terms regarding all of the details of the proposed scheme of having Tinker in Hank O'Day's old job next season.

The star short fielder and the big German owner settled everything between them in a three-hour conference, while Herrmann was in the city on Monday. That put the whole matter squarely up to Murphy and Evers.

But it looks as if Herrmann's terms about a proposed trade may be found prohibitive to the West Side magnate and his new manager.

Incidentally Murphy has gone eastward and the inference is that he expects while away to frame up some sort of a triangular deal with Philadelphia and Cincinnati, where by Mike Doolan, star shortstop of the Phillies, may come to Chicago.

PACKEY WILL MEET YOUNG JACK O'BRIEN

CHICAGO, Oct. 30.—Packey McFarland does not intend to be idle while he is waiting indefinitely for a match with Ad Wolgast, lightweight champion, so he will meet "Young Jack" O'Brien in Philadelphia on Nov. 6. O'Brien is a brother of Joe Hogan, the original "Philadelphia Jack O'Brien," and he is considered one of the best lightweights in the east.

The Waratah rugby football team of Australia has traveled seven thousand miles to prove its superiority over anything America has in the line of ruggers. It is succeeding. In the accompanying picture the Waratahs are seen defeating the strong Olympic runners of San Francisco. The final score was 20 to 0.

The Australians outplayed their opponents at every stage of the game who, outside of a few spurts that amounted to nothing, were helpless before the invaders. The Waratahs were never forced to extend themselves and gallanted around the field in pretty much whatever fashion they liked.
